

MAYOR WARNS SHOP OWNERS TO STOP 'DILUTING' HAND SANITISERS:

Collins Chabane Mayor Cllr Moses Maluleke has warned shop owners in China Mall during the District Command Council operation in Musina to refrain from using diluted hand sanitisers.

The Mayor has discovered that many stores are not providing proper sanitisers for customers and cashiers.

"We have been checking different sanitizers and many shop owners are using disinfectant cleaner which does not contain alcohol and this should come to an end," Mayor Said.

"Now if you are mixing it with water or any chemical you are weakening it down and it will be ineffective."

The Mayor has called on shop owners to remove all the diluted sanitizers.

Several shops were also shut down for failing to comply with the designated Covid-19 regulations and for selling diluted sanitisers.

He was joined by the Speaker of Musina Municipality, Vhembe Business Chamber together with the SAPS and Health department
