There was a surprise waiting for Collins Chabane Local Municipality in the morning when he attended an event at municipality local council offices.

The Collins Chabane Council Chamber was fully packed with Workers and Councilors, as Mayor Moses Maluleke was led out of his office and down to the Collins Chabane Civic centre offices.

When the Civic centre council chamber doors opened, Maluleke was shocked to find hundreds of municipality employees, and councilors gathered to wish him a happy birthday

Appreciating the birthday surprises party, Maluleke said that politics and differences should not be a cause of division with the municipality and its goals and objectives.

In his response Maluleke thanked Workers and Councillors for the unwavering support. He also thanked members of Executive Committee Members for putting their trust on him being a Mayor.

The Mayor also promised people he would continue to work tirelessly to build the Collins Chabane Local Municipality. He added that this was his first birthday party being the Mayor of Collins Chabane.
