The Mayor of Collins Chabane, Cllr Moses Maluleke participated in stop and search operation by the provincial and local traffic officers together with the police on the R81 road between Saselamani and Mhinga.

Activities like these will be heightened as the Festive Season and new year cross-over approaches in order to enhance law enforcement visibility and road safety.

Maluleke was backed up by the Road Traffic Inspectorate, Collins Chabane Local Municipality traffic officers, Customs and the SA Police Services at the roadblock.

Maluleke urged motorists to drive with good attitudes and said safety was paramount.

"we want to urge motorists as they make their way to the various destinations to drive carefully and to always prioritize safety on the road," he said.

He also mentioned that the roadblock was ordered because of the "anticipated influx of motorists this Christmas and new year cross over".

"These major roadblocks are part of the multi-pronged strategies implemented by government to reduce road accidents and fatalities during the festive season and beyond," he said.
