13.APPROVAL33

1.INTRODUTION AND LEGISLATION

The SDBIP provides the vital link between the Mayor, Council (executive) and the Administration, and facilitates the process for holding management accountable for its performance. It is a management, implementation and monitoring tool that will assist the Mayor, Councillor, Municipal Manager, Senior Managers and community. A properly formulated SDBIP will ensure that appropriate information is circulated internally and externally for purpose of monitoring the execution of the budget, performance of senior management and achievement of the strategic objectives set by council. It enables the Municipal Manager to monitor the performance of Senior Managers; the Mayor to monitor the performance of the Municipal Manager; and the Community to monitor the performance of the Municipality.

The SDBIP should therefore determine (and be consistent with) the performance agreements between the Mayor and the Municipal Manager and the Municipal Manager and Senior Managers determined at the start of every financial year and approved by the Mayor. Section 53 of the Municipal Finance Management act (Act no 56 of 2003), states that the Mayor of a municipality must- take all reasonable steps to ensure that the municipality approves its annual budget before the start of the budget and that the municipality's service delivery and budget implementation plan is approved by the mayor within 28 days after the approval of the budget.

Section 54 (1)(c) of MFMA states that 54. (1) On receipt of a statement or report submitted by the accounting officer of the municipality in terms of section 71 or 72, the mayor must—

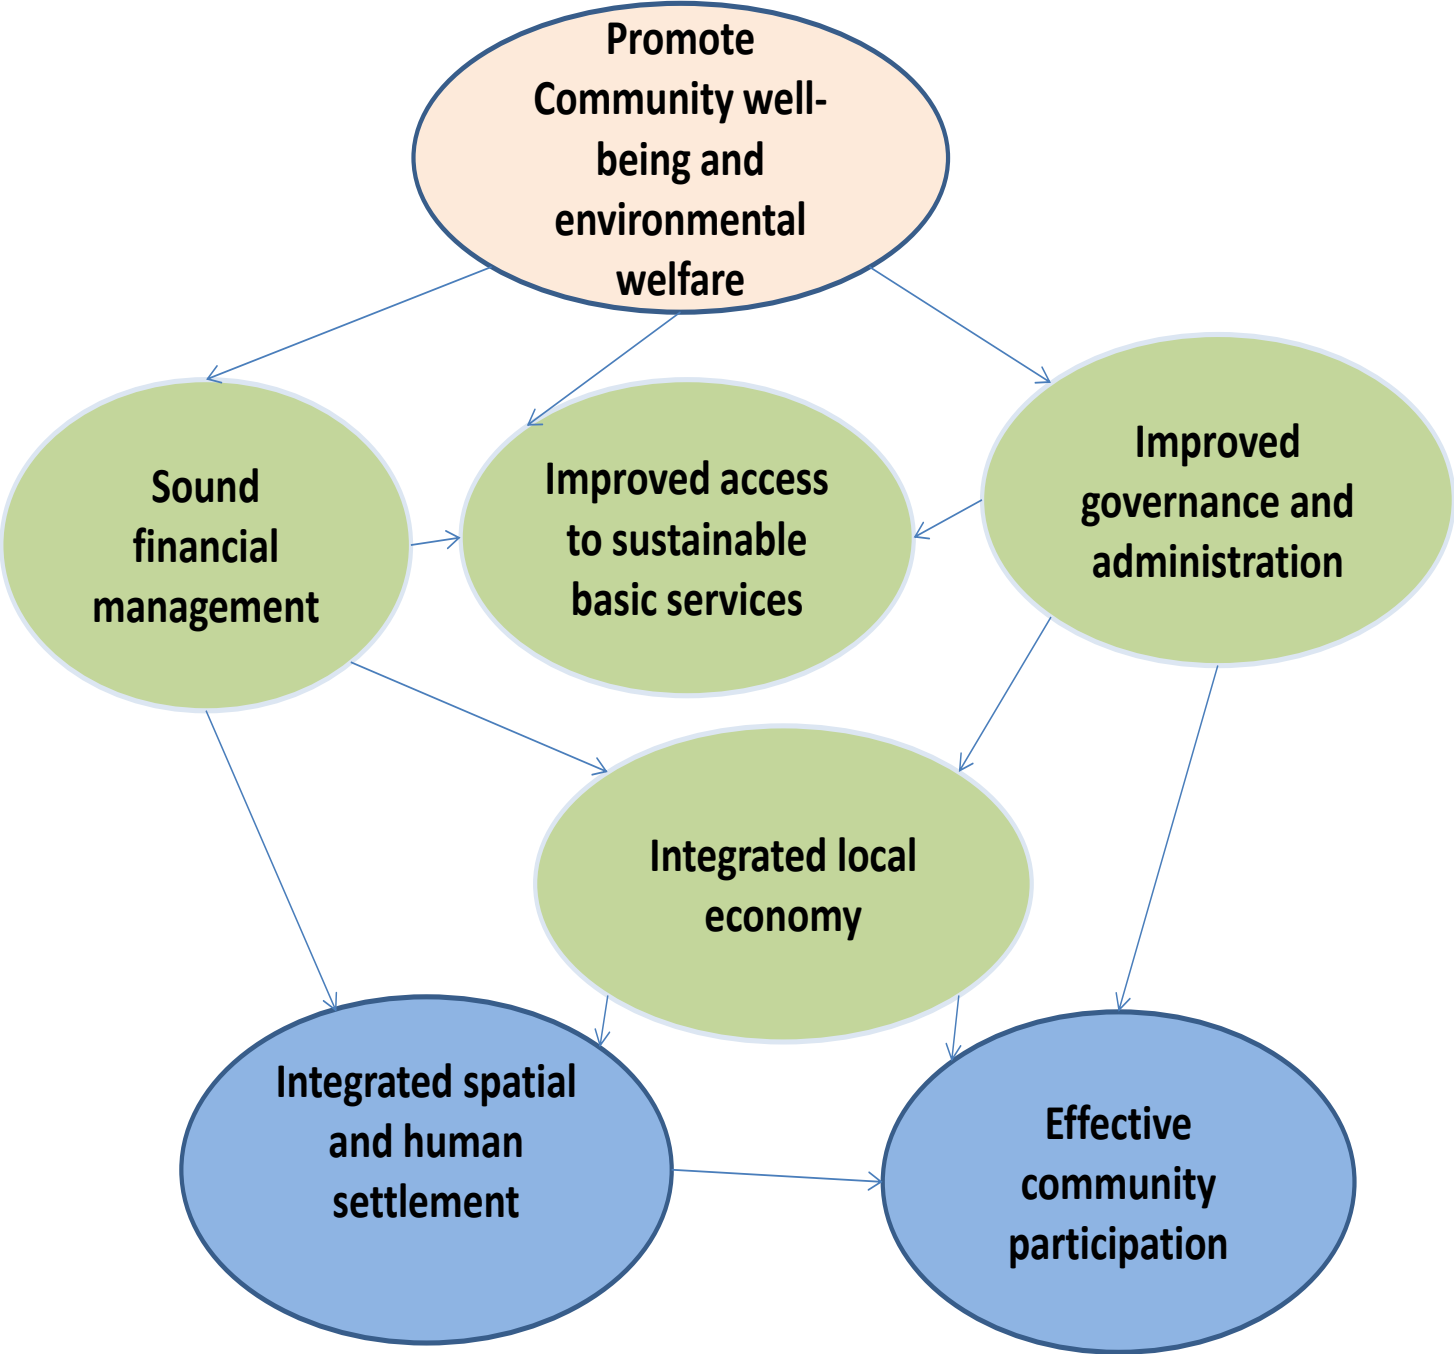

- (a) consider the statement or report;
- (b) check whether the municipality’s approved budget is implemented in accordance with the service delivery and budget implementation plan;
- (c) consider and, if necessary, make any revisions to the service delivery and budget implementation plan, provided that revisions to the service delivery targets and performance indicators in the plan may only be made with the approval of the council following approval of an adjustments budget;
- (d) issue any appropriate instructions to the accounting officer to ensure—
 - (i) that the budget is implemented in accordance with the service delivery and budget implementation plan; and
 - (ii) that spending of funds and revenue collection proceed in accordance with the budget;
- (e) identify any financial problems facing the municipality, including any emerging or impending financial problems; and
- (f) in the case of a section 72 report, submit the report to the council by 31 January of each year.

In terms of MFMA Circular 13, the SDBIP is a layered plan, with the top layer of the plan dealing with consolidated service delivery targets and in-year deadlines, and linking such targets to top management. Once the top-layer targets are set, the top management is then expected to develop the next (lower) layer of detail of the SDBIP, by providing more detail on each output for which they are responsible for, and breaking up such outputs into smaller outputs and linking these to each middle-level and junior manager. Much of this lower layer detail will not be made public nor tabled in council – whilst the municipal manager has access to such lower layer detail of the SDBIP, it will largely only be the senior manager in charge who will be using such detail to hold middle-level and junior-level managers responsible for various components of the service delivery plan and targets of the municipality. Only the highest layer of information of the SDBIP will be made public or tabled in the council. Such high-level information should also include per ward information, particularly for key expenditure items on capital projects and service delivery – this will enable each ward councillor and ward committee to oversee service delivery in their ward.

VISION:
“A spatially integrated and sustainable local economy by 2030”

MISSION:
To ensure the provision of sustainable basic services and infrastructure to improve the quality of life of our people and to grow the local economy for benefit of all citizens

VALUES:
Transparency
Accountability
Responsive
Professionalism
Creative
Integrity

3.MUNICIPAL DEPARTMENTS

COLLINS CHABANE LOCAL MUNICIPALITY COMPRISES OF 6 DEPARTMENTS NAMELY

- Office of the Municipal Manager (OM)
- Corporate Services (CORPS)
- Budget and Treasury (B&T)
- Technical Services (TECH)
- Community Services (COMM)
- Planning and Development (P&D)
