## 7. PERFORMANCE WEIGHTINGS PER KEY PERFORMANCE AREAS

The criterion upon which the performance of the employee must be assessed consists of 2 components both of which must be contained in the performance agreement.

The employee will be assessed against both components, with a weight of 80:20 allocated to the Key Performance Areas (KPA's) and the Core Competency Requirements (CCRs), respectively. Each area of assessment will be weighted and will contribute a specific part to the total score. KPAs covering the main areas of work will account for 80% and CCR will account for 20% of final assessment.

## **1. INTRODUCTION**

The Aim of the Personal Development Plan (PDP) is to ensure that Employees are skilled to meet Objectives as set out in the Performance Management Agreement as prescribed by legislation. Successful career path planning ensures competent employees for current and possible future positions. It therefore identifies, prioritises and implements training needs.

Legislative needs taken into account come from the Municipal Systems Act Guidelines: Generic senior management competency framework and occupational competency profiles, Municipal Finance Management Competency Regulations, such as those developed by the National Treasury and other line sector departments' legislated competency requirements need also be taken into consideration during the PDP process.

## **2. COMPETENCY MODELLING**

The COGTA has decided that a competency development model will consist of both managerial and occupational competencies:

- Managerial competencies should express those competencies which are generic of all management positions.
- Occupational competence refers to competencies which are job/function specific.

## **3. COMPILING THE PERSONAL DEVELOPMENT PLAN ATTACHED AS THE APPENDIX**

The Municipal Manager, in consultation with the employee is to compile a Personal Development Plan. The PDP has seven columns that need to be completed. Appendix A serves as the Action Plan for the PDP.
