1. INTRODUCTION

The Aim of the Personal Development Plan (PDP) is to ensure that Employees are skilled to meet Objectives as set out in the Performance Management Agreement as prescribed by legislation. Successful career path planning ensures competent employees for current and possible future positions. It therefore identifies, prioritises and implements training needs.

Legislative needs taken into account come from the Municipal Systems Act Guidelines: Generic senior management competency framework and occupational competency profiles, Municipal Finance Management Competency Regulations, such as those developed by the National Treasury and other line sector departments' legislated competency requirements need also be taken into consideration during the PDP process.

2. COMPETENCY MODELLING

The COGTA has decided that a competency development model will consist of both managerial and occupational competencies:

- Managerial competencies should express those competencies, which are generic of all management positions.
- Occupational competence refers to competencies which are job/function specific.

3. COMPILING THE PERSONAL DEVELOPMENT PLAN ATTACHED AS THE APPENDIX

The Municipal Manager, in consultation with the employee, is to compile a Personal Development Plan. The PDP has seven columns that need to be completed. Appendix A serves as the Action Plan for the PDP.
