Economic development together with Collins Chabane Municipality and Makhubele royal house celebrated workland day.

Water management and other related issues came under the spotlight when the Economic Development, Enviroment and Tourism in conjunction with the Collins Chabane Local Municipality host a Provincial Wetlands Celebration on the 27th of February at Makhubele village.

Issues that were discussed on during the celebration include Wetlands norms and standards for development activities in municipal areas, laws protecting wetlands and the requirements to undertake activities in Wetlands and how the working for water and the working for wetlands programme can assist
